W. W. Coulthard left on Sunday evening for Edmonton where he will represent the town on behalf of a continuation of Victoria street at the west portion of Blairmore.

H. E. Lyon left on Saturday for Winnipeg where he will enter into some negotiations regarding some valuable lake property near Lake City. Keep your eye on Lake City.

Rev. J. F. Hunter, who has been visiting at the coast, is expected to return home on Saturday evening and will conduct the regular services in the Central Baptist church the following day.

D. C. Drain has just received a large shipment of chairs for his hotel. They are of the Mission style and are becoming to this up-to-date hostelry. Mr. Drain is leaving nothing undone for the convenience and comfort of his guests.

Harry Howard, formerly proprietor of the Cosmopolitan hotel at Blairmore, but now a resident of Victoria, B.C., returned to town on Thursday last and spent a few days at the scene of his former activities. Harry thinks that the Capital City is even a better burg to live in than Blairmore.

Steve Manahan, who has been spending the past few months at New Westminster, B.C., is visiting friends at Blairmore and other towns in The Pass. Mr. Manahan brings back with him glowing reports of the "Royal City" and states that large business blocks are being erected, real estate is booming and things in general are in a very promising condition.

Nature Stops When the Kidneys give out

Do you feel that you simply can't go any farther—that you must have rest for that lame and aching back—relief from that constant dead-tired feeling—freedom from those stabbing, darting pains? It is nature warning that the kidneys are giving out and you need the help of Booth's Kidney Pills; the guaranteed kidney remedy. In every machine there is one part that works the hardest and gives out first; the kidneys work night and day, and naturally a life of unusual activity doubles the duties of the kidneys and in time the strain tells. The kidneys give out and nature cries "stop."

Booth's Kidney Pills are sold by all dealers, 50¢ postpaid from The R. T. Booth Co. Ltd., Fort Erie, Ont. Send for a free box. The test will prove the trust of our statement. Sold and guaranteed by S. J. Watson.

Editorial Notes

February has 29 days.

If your goods are not worth advertising don't beguile an innocent few by selling them worthless articles.

"Billy Sunday says, "dancing is hugging set to music. We suppose that accounts for the expediency with which some of our young folk acquire the art of dancing."

"Push ahead; don't live in the pass," says an exchange. We wish to inform our brother of the scissors, paste and pencil that many of the most intelligent, progressive and wide-awake optimists are still living in The Pass; they are enjoying it too, in fact they think it is the "El Dorado of the golden west."

Our local member in the provincial house, Mr. C. M. O'Brien, is endeavoring to have a bill, for fortnightly pay, passed at this session of the legislature. The passing of this bill would enable the miners working in this province to receive their wages on the 1st and 15th of each month, thus placing them on an equal footing with their fellow workmen in some of the maritime provinces where, it is said, the measure is being successfully and satisfactorily carried out. This would help to do away with the credit system and be of great benefit to the merchants as well as to the miners.

Walk up and down Victoria street and you will find that unsightly views present themselves: Piled here and there by the side of the street are ugly deposits of ashes. Visitors to Blairmore receive a bad impression of those business people, opposite whose premises are unevenly shaped ash heaps. But the strangers are given a worse impression of the town council for permitting (and some members of which are even encouraging) the accumulation of ash piles along the north side of our main thoroughfare.

Hundreds of tons of coal cinders could be well used in grading Victoria street; it is excellent for such purpose; but if those who dump ashes over the south side of the sidewalk are really desirous of fostering a philanthropic spirit they would pile their ashes in the back yard so that when spring comes and sleighing is over, they may be conveyed to the street and dumped in the most needful places.

Victoria street is in a poor condition at the best of times. The continual and heavy traffic over this thoroughfare makes it necessary for better grading and makes it further necessary for the most substantial material to be deposited in the centre. Good streets are among the best assets that a town can have. We hope that the town council in their estimation for expenditures for the current year, will provide for a sum with which to improve our badly neglected streets, and thus encourage the property owners to lay creditable and substantial sidewalks.

Western Catholic Scores
The District Ledger
(From the Western Catholic)
Vancouver, B.C.

The District Ledger, of Fernie, B.C., undertakes to show by a quoted article just why so many Catholic priests and papers oppose Socialism. The reason is, it says, that the Catholic church is wealthy, owns many acres of land, many town lots, many industrial securities, "and draws enormous revenue from the sweat and toil of wage workers; it gathers where it has a town." The venom of this unexampled examination is more evident than is lore of truth. It is the merest guess that the Church holds many industrial securities. We know a good deal more about the Church than does the writer of the article, and we have no knowledge of Church wealth in stocks and shares. Our many charitable institutions are generally run on current revenue from donations and civil grants. Our educational institutions sometimes have endowment funds, but these are generally placed in municipal and other such bonds. Industrial securities are not recommended for that purpose. They are too variable and often too risky. We know one Catholic college that tried it and lost a considerable sum. In the aggregate the Catholic Church has of course a vast amount of work; but are by any means a wealthy institution in the sense that the harem money to spare when current needs are met. But, however that may be, it is simply a base Socialist insult to say that Churchmen oppose Socialism because they fear the loss of Church property through the advent of collective ownership. Ten years ago the Catholic Church had to choose between a principle and the loss of property in France to the value of hundreds of millions of dollars. The issue was clear. A law had been duly enacted by parliament of France to regulate the ownership of Church property. To submit to certain conditions involving undue control, as the Church considered, on the part of the civil power in the future management of the property. The question at issue for the Church was: Should she hold on to the hundreds of millions in spite of the conditions, or go back to poverty? If "economic determinism" is worth anything here is the place for it to operate. What Bishops and priests leave the fine residences they had occupied for centuries? Would professors and thousands of students bid good bye to their beloved seminary buildings with their spacious grounds? Would the Church really, on any consideration, accept dismissal from ownership in those magnificent cathedrals and the thousands of churches erected in France? Well, the choice—the deliberate, unanimous choice—was poverty rather than wealth with loss of liberty. Many priests engaged for a time in manual labor for daily bread. Some worked at gardening. Others repaired watches. Forty thousand ecclesiastical, at the word of the Pope, abandoned all to follow him in love of principle. The Archbishop of Paris is to-day occupied by one the government's parliament. Now, a very large fact. We are not dealing in guesses. The test has actually been made, in the present young century, on a large scale, whether the Catholic Church is dominated in policy by considerations of church property. (The District Ledger says also evidently) let and, in view of that large fact of France, we say that the District Ledger is dealing in evident falsehood.

Fireman Killed
Stewart Fellor, a fireman on the C.P.R. way freight, running between Macleod and Calgary, and well known to the C.P.R. employees along this division, was killed near High River on Monday morning last. It is believed that Fellor fell out of the gangway while the train was travelling at a fair rate of speed.

Echoes From the Thriv-
ing Town of Coleman

It is reported that the "Son" will
shortly rise in Coleman.

F. G. Graham has been appointed
fire chief in place of C. Crai-
ford who has resigned.

T. B. Smith, who recently was
married at New Market, Ont., re-
turned to town on Friday evening.

G. Clair returned from Calgary
at the week end after being a dele-
gate to License Victuallers associa-
tion.

The local juveniles defeated the
Boy Scout's hockey team of Frank,
here on Saturday morning last by
a score of 4-2.

Nurse Doherty severed her con-
nection with the miners' hospital
here on Wednesday. She goes to
Montreal to work for Dr. Springle.

Last week a small fire took place
in the opera house by some moving
picture flammigniting. The flames
were extinguished before much
damage was done.

W. H. Murr returned from Calgary
where he had been attending a
convention of License Victuallers
association of which he has just
been elected vice-president.

Ylex. Cameron was in Cowley on
Tuesday. He was assisting the
Grand Master of A. F. & A. M.
Thomas McNabb, with some lodge
work. He returned to town on
Wednesday.

President W. B. Powell, of dis-
trict 18, of U.M.W. of A., was in
Lethbridge on Saturday for the
purpose of settling some troubles
there which occurred when about
100 miners quit work at Royal
Collieries.

At the recent organization
meeting of the Coleman branch of
the St. John's Ambulance associa-
tion, the following officers were
elected for the ensuing year: Pres-
ident, O. E. S. Whiteside; vice-
president, J. K. Cram; secretary-
treasurer, E. O. A. Crawford. Dr.
E. R. Ross was re-elected lecturer
for 1912. Much enthusiasm was
manifested by all parties concerned
throughout last year, during which
time they had a successful season,
being awarded 21 certificates, 3
vouchers and 1 medalion.

A number of friends of Dr. and
Mrs. J. Westwood met at the home
of James Scott, 4th street, on Wed-
nesday (yesterday) evening where
the doctor and his good wife were
presented with useful and costly
articles. A chest of choice steel
and silver cutlery was presented to
Dr. and Mrs. Westwood and a
morocco travelling bag, with toilet
set complete, was presented to the
Doctor.

Dr. and Mrs. Westwood have
been residents of Coleman almost
ever since the town started and
their many friends here are sorry
to see them leave. The Doctor has
been active in his efforts to pro-
mote the advancement of Coleman,
and whenever anything for the
betterment of the town has been
proposed Dr. Westwood has been
a great moving spirit towards ac-
complishing that end. They will
shortly leave for Princeton, B.C.,
where the Doctor has some valu-
able fruit land. Their many
friends here trust that Coleman will
be favored by frequent visits from
them.

Lake City

Is the name of the Western Terminal Point of the proposed
Crow's Nest Pass Electric Railway and is already tapped
by the Pass line of the C. P. R., while the G. N. R. has al-
ready approached to within a few score of miles and must
eventually pass through this admirably located town.

Lake City

Is located by the shore of Crow's Nest Lake, only a few
miles east of the provincial boundary between Alberta and
British Columbia, and just north of the international line.

In reality, it is at the top of Canada where the majestic
Rockies tower in serene magnificence over great chasms and
numerous folds, reflecting their presence on the waters of
this beautiful lake. Here also are afforded the very best
tasks for the daring mountain climber and for huntsman
who desires to outlive the quiet ways of the Rocky Moun-
tain goat, sheep, deer or elk, which are the monarchy thereon.

In close proximity are numerous timber, mineral and fuel
resources; development of which is now in its initial stages.
These resources include gold quartz, coal, iron and pulp wood.

Crow's Nest Lake has long been looked upon with promise
as an admirable location for health and tourist resorts, and
but now this promise is being realized. Plans for hotels, etc.
are being arranged, as well as boat houses, and the most
modern pleasure yaws will soon glide over the surface of
this beautiful lake.

But a few weeks ago lots were placed on the market, and
the agents have had their hands full attending to purchas-
ers. Prices run from \$150 up. For further particulars

Fifteen Round Bout
Was a Draw

(Unavoidably crowded out of last week's issue)

A boxing contest of unusual inter-
est was witnessed at the Blaimore
opera house on Monday when Dom-
nick Marshall, of Hillcrest, and
"Curly" Smith of Cranbrook, en-
gaged in a fifteen-round bout which
resulted in a draw. A large number
of fans were present, many coming
from distant places. The entertain-
ment was started by a four round
preliminary. About 1030 Smith
appeared in the ring and was follow-
ed ten minutes later by Marshall.

The main bout then commenced in
the presence of an enthusiastic and
well behaved audience. Although
the bout was declared a draw, it was
thought that incoming judges
were appointed, other wise the decision
would have been given in Marshall's
favor.

The result by rounds was as
follows: 1st—Smith lands heavy
left to Marshall's jaw; both clinch;
Smith receives short uppercut;
Marshall is given another left on
jaw. Slightly in Smith's favor. 2nd—
Smith does all round work and
receives honors. 3rd—Smith comes
in with right swing but misses;
Marshall lands left to Smith's neck;
both clinch; Marshall has good
openings but does not take advan-
tage; slightly in Smith's favor. 4th—
Slow round; honors even. 5th—

Both clinch; Marshall gives several
"shorts" to ribs; Smith ducks and
eludes; Marshall's round. 6th—
Both becomes interesting; Smith
lands left to jaw; Marshall gives
punch and forces his opponent to tie
ropes; Smith rushes forward and
lands right to face but Marshall grins
and returns one to Smith's face; even.
7th—Smith shows signs of fatigue;
Marshall lands right to jaw; Smith
eludes; Marshall gives two short
uppercuts; Smith is "groogy"; Mar-
shall's round. 8th—Smith clinches;
Marshall gives two punches to ribs
and lands one on neck; Smith lands
one with great force on nose and
brings blood; Marshall gives two
terrible blows in quick succession and
wins honors. 9th—Smith lands two
lefts to jaw but misses third attempt;
both clinch; Marshall gives an upper
cut and with a quick right ends the
opponent across the ropes. Smith
shows signs of weakness; Marshall's
round. 10th—Marshall forces the
bout; Smith clinches; Marshall's
right goes with great rapidity to
Smith's jaw; plenty in Marshall's
favor. 11th, 12th and 13th were lit-
tle slow; several clinches made; re-
sults slightly in Smith's favor. 14th—
Marshall lands left punch to ribs
and avoids left swing from Smith;
clinch and Smith is given uppercut;
Smith sends left to Marshall's face;
Marshall makes great effort to win but
Smith staggers to his corner and
Marshall receives honors. 15th—
Smith makes great effort to win but
Marshall receives a right punch to
the ribs and a left to the jaw with
smiles; Smith clinches; Marshall gives
left uppercut and a right to the ribs;
honors about even.

Happenings in and Around Frank

Too had some one does, not put up a cup for a boys hockey league in The Pass.

Rev. W. R. Simpson, of Lundbreck, came up to Frank on Monday morning's train.

DIED—At Frank, on Tuesday, Johanna Ryan, beloved wife of Hugh McDonald, aged 48 years.

DIED—At Frank hospital, on Friday, January 26th, Mrs. Kovach, wife of August Kovach, of Passburg.

The ladies of Frank have been organizing a hockey team. It is too bad that the ice is melting and we would see some fast hockey.

The collectors for the Auxiliary of the Bible Society here made an attempt at collecting. The amount they were expected to raise was \$15, they secured that amount during the afternoon.

The officials of Knox Methodist church are going to vote on the proposed union between the Presbyterian, Congregational and Methodist churches on Tuesday evening, February 6th, 1912.

The senior hockey team took the Flyer on Tuesday morning of last week and went to Fernie where they played a game against the seniors of that place, the result was that the visitors were beaten by a score of 13-6.

A number of the miners who have been in Frank for some time and who have been unable to get work since the settlement of the strike, left here last Tuesday morning for a point in the mountains west of Edmonton where they have secured work. Among those who left are, T. Chambers, D. Steve, G. Nicol and A. Kowkowsky.

The funeral of Mrs. Kovach was held on Sunday in Passburg, a large number of Frank people were present, amongst them being Frank Weger who led the ceremony of the Eagle's lodge at the grave, and Rev. W. T. Young who took part in the services at the church. Much sympathy is felt with the bereaved husband, who is well known here, and with his sorrowing family.

The boy scouts' hockey team of Frank journeyed to Coleman on Saturday morning to play a return game with the scouts of that town. During the first half the Frank boys had the best of it, the score being 3-2, but during the last half Coleman, owing to the fact that they had a few heavier players on and also on account of the sun shining in the eyes of the Frank players, they got the best of it as far as goals were concerned; the score being 6-3 in favor of Coleman.

When her child is in danger a woman will risk her life to protect it. No great act of heroism or risk of life is necessary to protect a child from croup. Give Chamberlain's Cough Remedy and all danger is avoided. For sale by all dealers.

The 1912 Search By Our Girls

In the 1912 leap year contest let our girls remember that the young men whose pockets are filled with cigarette wrappers, jack knife, combs, finger nail cleaners, miniature curling irons, looking glass etc., and have their mothers erase their name every day, are not the ones who make promising husbands. The pockets of those who are helping to make the country bloom and causing two blades of grass to grow where God planted one, will be found filled with wire staples, and different sizes of nails and spikes. They are the kind of boys the girls had better look after.

Runaway Causes Some Little Damage-- Lady Injured

That the delivery horses used in Frank are no "old plugs" is proven by frequent runaways of this line of bloods. If it continues the next thing we will hear is, that the town fathers will be demanding a certificate of efficiency from the drivers before they will allow them to take charge—all the same as automobile drivers.

The latest was the runaway on Monday last, of P. Purn's horse, while with his driver, Tony Bach, was turning a corner it suddenly started off. Tony held on for all he was worth, until the box and the back wheels of the rig had ceased to follow the rest of the outfit, throwing Tony and hurrying one ankle rather badly. The horse with the front wheels of the rig came racing down Main street. James May had his horse and cut in on the way but the wheels of the runaway caught the back of the cutter, breaking and upsetting it. Mrs. May and little daughter were thrown to the ground and it was found necessary to call the doctor as Mrs. May received a bad shock but she very soon recovered. The P. Purn's horse continued on its way till it was stopped near the company's barn.

Bellevue Band will Give Concert and Dance

The Bellevue band will give a concert and dance in the Socialist hall, Bellevue, on Monday evening, February 19th. A programme consisting of vocal and instrumental music, will be given. Refreshments will be served. Proceeds will go towards purchasing more instruments for the band.

Lundbreck Notes

J. McFarlane left here for Macleod last Monday.

Mrs. F. Eddy visited friends in Fincher Creek last Tuesday.

Medanice Moore and Smyth visited Cowley on Monday last.

Mr. Burgess of the B. and L. Co. is at present visiting in Spokane.

The report in last issue about the post office here changing hands was premature.

Mrs. E. W. Bronley, of Crows Nest, passed through Lundbreck on Monday after visiting friends at Lethbridge.

A dance will be given at Welch's hall, on Friday, February 2nd, in aid of the Victorian order of nurses. Gentlemen's tickets are \$1.50. A good time is expected.

A. C. C. Johnston, M.D., was at Calgary last week attending the meeting of the school trustees of Alberta. Dr. Johnston made a happy speech at the trustees' banquet and was also elected one of the committee of the school trustees of Alberta for 1912.

The funeral of Wm. Clough, the victim of the sad accident at Hillcrest last week, took place from the Union hall, Hillcrest, on Friday afternoon. The large hall was full for the occasion, showing the respect in which deceased was held. Rev. Pearson conducted the service.

The Bellevue Athletic Club was organized for the coming season at a recent meeting called for that purpose. This club will supervise the management of all the local sports for the coming summer. A strong board of management was formed and another meeting will be held in the near future. The indications are that Bellevue will take no second place among the towns of the Pass next summer. Baseball, football and cricket enthusiasts are much in evidence and the material is of a promising character.

January 25th was the anniversary of the immortal Scottish bard, Bobby Burns, and Bellevue was the meeting place of all his admirers in the Crows Nest Pass. At an early hour in the evening it was evident that the large hall was going to be taxed to its capacity and as the hours fled by this was fully realized. At 9 o'clock Mr. Mac Donald took the chair and gave a pleasing sketch of the life of the poet in whose memory they were assembled. Then a programme of unexcelled talent pleased the large assembly. It was as follows: Scotch selection, Bellevue bard; quartette, the Huttons; solo, "My ain folk," Mrs. Hallworth; solo, "The star of Bobbie Burns," George Hutton; solo, "Marguerite," Mrs. Levi Parker; solo, "Asleep in the deep," William Rochester; solo, "Flow gently sweet Afton," Mrs. Walter Miller; solo, "Gae bring me a pint o' wine," Dave Hutton; sketch, "Miss Kirkland's money," Bellevue Sketch Club; lagpipes, Robt. Petrie; instrumental duet, the Goodwin brothers; stump speech, Jack Walters; reading, Fred Podgett; comic song, Ike Hutton. Scotch reels and Canadian dances were indulged in until the wee sma' hours.
